

# Agromehanika

SINCE 1968

*AGP trailed mist blowers*

**1000-2000**

*1000 I, 1500 I, 2000 I*

## ***Quality spraying with great savings***

The development of modern plant protection machinery is governed by ever-increasing environmental protection awareness and growing demand for high-quality products. This prompted Agromehanika to develop a new family of mist blowers, AGP 1000-2000 EN, which comply with the most rigorous standards and at the same time facilitate the entire plant protection process.

SINCE 1968

AGP			1000 EN	1500 EN	2000 EN
Nominal tank volume		l	1000	1500	2000
Dimensions	Length	cm	317	346	346
	Width	cm	126	133	141
	Height	cm	147	150	162
Weight		kg	523	605	670
Dimensions of the fan		mm	Ø 825		
Air quantity		m <sup>3</sup> /h	16000-48000		
Output air speed		m/s	< 40 (adjustable with a regulation of the heel of the fan blades)		
Spraying level		m	up to 6		
Max. no. of revolutions of the fan		RPM	2000		
Number of double nozzle holders			6 left-hand side, 6 right-hand side		
Standard type of nozzle mountings			Lechler		
Type of the pump			Bertolini PA 1250: 125 l/min, max. 50 bar		
Max. no. of revolutions on the PTO shaft		RPM	< 540		
Wheel dimensions			10.0/75-15.3		
Adjustable track		cm	100-135	106,5-148	114-160
Ground clearance		mm	330		
Tractor category			I. and II. cat.		
Recommended power of the tractor		kW/PS	32-72 / 42-96		

AGP			1000 ENU	1500 ENU	2000 ENU
Height of the deflector		cm	130 or 170		
Number of double nozzle holders					
Ø 825/1300			5 left, 5 right		
Ø 825/1300 - adjustable					
Ø 825/1700			7 left, 7 right		
Ø 825/1700 - adjustable					
Dimensions (width x length x height)					
Ø 825/1300		cm	126 x 317 x 179	133 x 346 x 179	141 x 364 x 179
Ø 825/1700		cm	126 x 317 x 217	133 x 346 x 217	141 x 364 x 217
Weight (empty)					
Ø 825/1300		kg	537	619	684
Ø 825/1700		kg	559	641	706
